Co-Owners:

Joe and Becky Angrisani

CH Nistar's Washington Statesman Ash

Ash showed his potential in the 6-9 puppy class with a class win at his first show under Breeder Judge Gloria Kerr and again at the GRCA Western Regional with a 6-9 month Class win under Breeder Judge Ainslie Mills. He also received RWD (major) from the Bred By Class at Terry-All KC under Breeder Judge Bernadette Cox in April 2009. Ash wasn't shown for the next 12 months - upon his return it wasn't long (May 2010) before he gained his first 2 pts going WD and BOW at Coronado KC, followed by another 2 pts with a WD, BOW and BOS at Central Wyoming KC. In June 2011 Ash received his first major going WD and BOW at Five Valley KC and in September 2011 he received that second major going WD and BOW at Evergreen KC to finish. To top off Ash's show career he won the 2011 Mile High Golden Retriever Club Beaumaris Traveling Trophy awarded to the top class dog of the year. Ash is now retired from the show ring and enjoying hanging out with Joe and Becky.

Ash was bred by Bruce – he is an Opal son. Ash lives with and is co-owned by Joe and Becky Angrisani.

HEAD: Ash as a head to die for, the expression and shape are what the breed standard quotes.

MOUTH: Full dentition and scissor bite.

EYES: Dark eyes and black pigmentation add to his outstanding look.

COAT: Coat is a breeders delight because of the excellent texture, color and the coat always lays flat.

CONFORMATION: Is very balanced with outstanding neck into shoulder. Great lay back and fore chest. Looking from the side you can see his outstanding substance.

MOVEMENT: Is very smooth with excellent reach and drive. He carries his head well. Ash isn't a lover of hot days – in heat he can look very flat.
